Local OPA Board Prepares Column

(Editor's note: this column is prepared for The Record's readers by the local OPA board and is printed by this newspaper for the convenience of both the public and the board.

COMBINATION SALES OF LIQUOR—With the approach of the holiday season, you will undoubtedly be interested in knowing these facts about sales of combination packages of distilled spirits. The price of the package cannot be more than the total of the ceiling prices of the items that are included in the package. A purchaser has the right at any time to purchase separately any of the items in the combination package or otherwise the sale would be in violation of the restriction against tie-in agreements.

MARKETING TIPS — Make sure that you get what you pay for at the market stalls. Here are a few pointers for picking out the best fruits and vegetables:

Potato skins with a tinge of green mean sunburn and a bitter taste; buy sweet potatoes only in small quantities, as serious waste can result from small decayed or moist spots; carrots should be deep orange in color, avoid those with greenish centers.

Wins Election

Final figures released by County Clerk William Augustus, last week, showed that Lieutenant Colonel Henry W. Edwonds had won the post of San Mateo county supervisor from the Third district. At the November 7 election the contest between him and Dr. Arthur E. O'Neill for the supervisoral position was so close that only a count of absentee ballots could make the outcome conclusive

Edmonds received a total of 27,143 votes to 26,293 for O'Neill, including precinct and absentee ballots. Dr. O'Neill led in three of the five townships (the supervisors are elected by the county at large) but Edmonds picked up enough votes in the third and fifth townships to win.

In the First district, of which Daly City is a part, Edmonds polled 5,832 votes and O'Neill, 6,105.

Mr. and Mrs. George Buttle, 226 Crocker avenue, have just heard from a former Daly City man now in New Guinea. He is **Norbert A. Pfeifer,** shipfitter first class with the Navy's Seabees. Mrs. Buttle had mailed him clippings of The Record's service column, which he reported enjoying.

ambulance by Dean Wood and Joe Mather for treatment of minor injuries and both cars were placed in garages.

The small daughter of Mrs. G. Drury, 561 Hillside boulevard, swallowed a penny, December 1, and at 5 p. m. Officer George Savage rushed her to Alemany Emergency hospital in the police car, where the child was taken care of by attendants.

While working at the service club, Tom Tallon, 64 Risel street, burned his arm, December 1. At 9:45 p. m. Officer Savage took him to Alemany hospital where he was treated for first and second degree burns.

At least part of the articles stolen from Stockton Lumber company, November 15 and 17, were recovered when Inspector Ed Paul of the San Francisco Police department brought in three teen-age Daly City area boys who had pulled a job at Brown and McFarlane Lumber company, 3650 Mission street. When questioned by San Francisco police the lads also admitted being the ones who broke into the local lumber company. Although $36 taken from Stockton's is still missing, Daly City police did recover drawing pens, dividers, art gum erasers, a box of blue pencils and a small drawing set.

William Jesperson, 12, who lives at 238 Los Banos avenue, had to be treated at Alemany Emergency hospital after an accident, December 4, 7:10 p. m., when the bike which he was riding on San Jose avenue collided with a car driven by Angelo Molino, 370 Willits street. The car was turning on San Jose avenue to enter the service station behind the Bank of America. Officer Savage investigated.

FIRES

Two chimney fires, neither of which proved serious, called out the Daly City Fire department, last week. Companies 1 and 2 responded to an alarm from Box 24 at 8:15 p. m., Friday, December 1, and extinguished a blaze which started in the chimney at the home of Mrs. B. Carboni, 324 San Diego avenue. Fire Chief Andrew P. Chesney, Assistant Chief Arthur Bodien, and Battalion Chief Elmer Kennedy directed. The other chimney fire occurred at 18 Garden Lane, at 12:30 p. m., November 30. Company No. 6, Bodien and Kennedy reported to the scene.

Drills under the direction of the chief and the board of instructors were held, last week, in the vicinity of the Colma Lumber company. Companies 2 and 6 turned out for the tests, Wednesday evening, November 29, and Companies 1 and 4 responded, Thursday night, November 30. Purpose of the drills was to acquaint the men with the territory and problems which would arise in the event of a fire at the planing mill.

Legion Auxiliary Completes Plans

Last night, December 6, at their business meeting, members of Daly City Auxiliary No. 410, American Legion, completed their plans for the annual Christmas party for children of members of the post and auxiliary.

The joint party will be held, Thursday evening, December 21, at Legion hall, 474 San Diego avenue. Members of the post as well as the auxiliary are helping with details to insure a pleasant Yuletide event for the youngsters.

Both Fire Escapes Now Up At Woodrow

From the office of the Jefferson School district came four announcements, this week. Both fire escapes on Woodrow Elementary school are now up and ready for use in the case of an emergency. Unavoidable war-time delays made a lapse between the installation of the first escape and the second.

During the recent drive, children of the grammar schools collected 29 tons of waste paper. The last of this accumulation was trucked away, this week.

School children held a special War Bond sales campaign of their own, December 4, 5, and 6. They hoped to boost community totals as well as roll up a good record for the individual schools.

Tin collections lag and householders are asked to save, clean, delabel and flatten all tin cans for the school's salvage program. Youngsters will take the tins to school.

NEW BABIES

Vital statistics for the week carry the information that **Mr. and Mrs. William L. Baum,** Daly City, are the parents of a daughter born, November 27, and **Mr. and Mrs. Edward Kruse,** 199 Acton street, had a daughter, October 26.

Last Friday, December 1, when the high school age crowd had the center there was a record attendance and everyone reported having a grand time. Patronesses for the evening were Mrs. M. Sanguinetti and Mrs. T. Petersen.

BOND DRIVE

(Continued from Page 1)

Post and Auxiliary No. 410, American Legion.

Chairman Lehigh reports that a house-to-house canvass is being made by students of Jefferson Union high school. Their efforts will not only aid their own sales quota but the city's as a whole. Mrs. Lehigh, who is assisting her husband in the drive, explained, last week, to more than forty student volunteers the making out of bond application blanks.

Chairman Lehigh called attention to the fact that War Bonds make ideal Christmas gifts. "Give something of real value, something that illustrates your faith in the future of our country," he urged.

Praising the cooperation of his committees, the post office, the bank, and the theatre, Chairman Lehigh made an earnest appeal for intensified purchase of E bonds, since so much of Daly City's quota is to be in this denomination.

"Let us not forget that the Treasury depends heavily upon the sale of these securities to make up the full national quota of 14 billions in the present drive. Not only does the nation look to individuals to do their share in financing the war, but the issue of inflation is an important factor here. With nearly 30 billions of 'idle' money in the pockets of American citizens, over and above their living expenses and taxes; we are in danger of serious inflation unless this surplus is invested in war securities."

Ladies Home Club To Hold Luncheon

Following a luncheon at 1 p. m., members of the Ladies Home club will hold their Christmas party, Tuesday afternoon, December 12. The event will be held at their regular meeting place, Werner Avenue clubhouse.

The club reminds the public that they are not holding a December whist.

News From Jeff District Schools

AT CROCKER

The pupils of Room 6 were very happy to welcome back Florence Nordgren, who has been out of school for the last month due to illness.

The pupils of Room 3 began use of their Citizenship chart, this week. The students who show good citizenship traits in the classroom will have their part of the chart colored.

This week the pupils of Room 2 exhibited in the hall a large map of the United States that was made in their room.

AT WOODROW

Room 1 heard some very interesting reports about the different phases of Chinese life from various members of the class. Each pupil did his own research, gave his report orally during social studies, and submitted it as a written work for language.

The sixth grade contributed 100 per cent to the Junior American Red Cross.

The students of Room 12 enjoyed reporting on interesting news items. The class is going to watch for differences in the reports from the various nations of the numbers of planes and ships lost and the number of miles gained or lost on the various war fronts.

Room 14 has finished its seating chart for the symphony orchestra. Pupils are now drawing Spanish galleons which were used by early explorers of California.

The children in the low fifth saw a very interesting film, "Flax to Linen." The picture showed the various stages through which the flax plant goes before the cloth is produced. It was very different from the other textiles that they have studied so far.

AT JEFFERSON

On the heels of last week's drive for Junior Red Cross membership, came the sale of "Health for Victory" pins for whatever the student cares to give. The money derived from the sale of these pins is forwarded to the Tuberculosis Health association of San Mateo county which is doing a splendid job in San Mateo county schools.

Children in the seventh grade had an unusually interesting social science period this week. The class has been studying post-war Air Service to Europe and the Far East.

On Tuesday their teacher brought to class a "Flight Table" offered by the T. W. A. as a pattern for future air service.

Non-stop service from America to Europe and Cairo, round the world cruises and week-end service to Greenland, were some of the possibilities suggested in this flight program.

Probably the most valuable thing gained by these students in this aviation unit is a clearer understanding of the fact that aviation has brought the countries of the world into much closer relation, and that distance is now measured by time instead of mileage.

Every classroom in the school, from kindergarten to the eighth grade, is gay with Christmas decorations. All the room borders and art corners have pictures, drawn and colored by the children, that reflect a holiday spirit and give an atmosphere of good cheer and warmth to the classrooms.

Pershing Discusses Child Welfare At Meet

General Pershing P. T. A. heard both R. L. Crane jr., district superintendent, and Mrs. Stella Jensen, past president of Seventeenth district, briefly discuss child welfare at their meeting, Tuesday afternoon, December 5 in the school. Other guests were Mrs. Ida Hanley, who talked on "Safety," and Edward Foley, whose topic was Social Security. The class demonstration was given by the kindergarten class of Mrs. Lola Cope.

Mrs. Louise Eliasen, president, opened the meeting at 1:15 p. m. Mrs. Violet Fetta led the salute and the Collect was read in unison. Mrs. Eva Derrick led the P. T. A. song and "America." Mrs. Janet Delucchi reported on the November Seventeenth district meeting. Mrs. Sophie Evans announced that $200.25 worth of War Bonds and Stamps were sold, December 5, at Pershing slhool. Mrs. Anne Eason told about the community Christmas party.

Mrs. Anne O'Connell was appointed delegate to the December Seventeenth district meeting. Three members of the unit were recent donors to the San Mateo County Blood Bank. They were Mrs. Evans, Mrs. Delucchi and Mrs. Frances Haussler.

Pershing P. T. A.'s Christmas party for children of the school will be given, Thursday, December 14, 2 p. m. under the chairmanship of Mrs. Delucchi.

Emydian Institute

Mrs. Mary Belli, president will call the business meeting of Emydian Institute No. 154, Y.L.I., to order at 8:30 p. m., Tuesday, December 12, in Holy Angels hall, San Pedro road.

Wednesday night, December 13, the study club of the institute will meet at the home of Mrs. Vera Ryan, 69 Hill street.

Under the chairmanship of Miss Mary Belli the annual Christmas party will be held, Tuesday evening, December 19, at the parish hall. There will be a short entertainment for the children and Santa will be on hand to distribute gifts. The members will exchange presents with their secret pals.

Some of the younger members of the institute have organized a badminton team which meets weekly at Castle hall.

Jungle Showmen Aid Boys' Morale

The U. S. Armed Forces in the Southwest Pacific point out that without first class movie operators United States jungle fighters would be deprived of their foremost entertainment. Gloria De Haven, Ginger Rogers, Betty Grable and the other lovelies would not be able to strut their stuff.

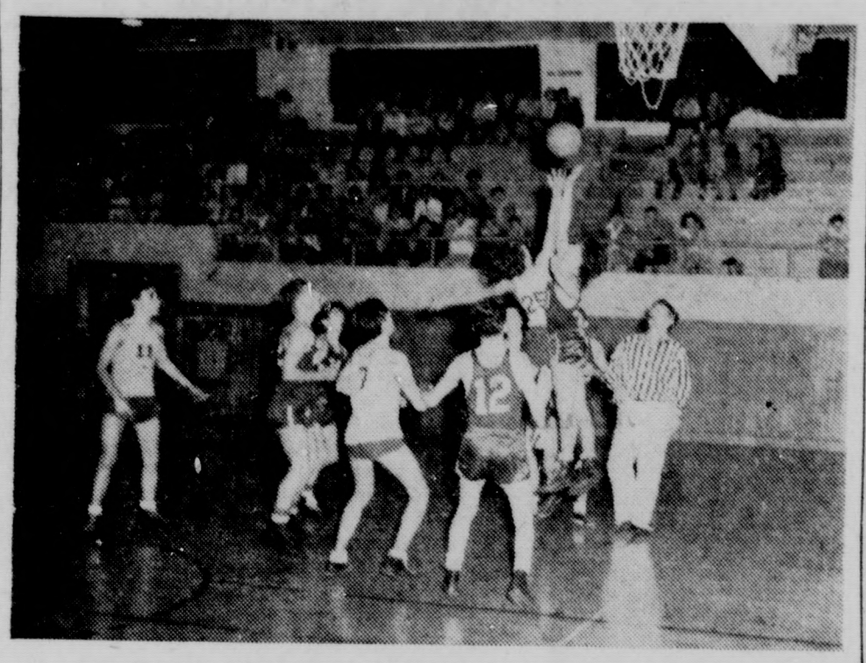
Typical of the miracle jungle showmen in the 40th Infantry division is Staff Sergeant **Albert F. Intaschi**, son of Mr. and Mrs. E. Intaschi of Daly City, who went into the Army in November 1941. He was sent to Camp Roberts for his basic training and then to Camp San Luis Obispo. He was put into an Artillery unit of the 40th Division. Sergeant Intaschi is a battery motor sergeant and runs the theater in his spare time. He has on more than one occasion made parts for the machine when none were available. The whole battalion appreciates Sergeant Intaschi giving his own time for the benefit of the officers and men of this command.

These "miracle men" like Intaschi make the machine run on home-made parts. More than once they have held some parts of the machine together with their fingers during the entire show.

In the Southern Cross movie houses the doughboys gather three nights a week, sit on hand-hewn mahogany logs and watch the beam of an indoor projector flash on four donated mattress covers which serve as the screen. Often times the show goes on one day after a move. In such a case the "miracle men" not only move their own equipment and build a new home, but build the theatre for the evening show.

In or out of combat—rain or shine—good or bad machines—these men always have a show for "the boys."

Jeff 120s Win P. A. L. Championship



An exciting moment in the game which saw the 120s of Jefferson Union high school defeat South San Francisco, November 22, is pictured above. Jeff's 27 to 22 victory gave the team top place in the northern division of the P. A. L.

The team, coached by Elman Rose, went on, the next week, to defeat the top squad in the southern division, Sequoia, taking two games out of three and capturing the P. A. L. championship. This is the first time the Jeff 120s have won the basketball championship title.

Tin Still Needed

That renewed and increasing emphasis must be placed on salvage of tin cans to supplement this dwindling national stockpile of tin is the declaration of Judge Edward P. Murphy, chairman of the State Salvage committee.

"Despite the fact that tin consumption has been reduced to a minimum, the War Production Board reports that the increased tempo of war is placing considerable strain upon our dwindling backlog and a serious crisis in this material could occur before final victory is attained," said Judge Murphy.

"We must have tin for our war implements, for the packaging of food, for our armed forces and essential civilian supply, and for medical and other supplies for which there is no substitute.

"Because we have, for the present, at least enough of some formerly salvaged materials, the impression has gained ground that tin is no longer needed. The fact is that tin is one of our most critical metals and every housewife who saves and prepares cans and every person engaged in their collection and transportation is performing a patriotic and essential service in the war effort."

Request From O. P. A.

PLEASE!

That's the underscored request from O. P. A. Board No. 83-12-3, this week. It's about those mileage rationing records. Every motorist was sent one with the new A-book. Whenever anyone applies for supplemental, special, or furlough gasoline he must mail the record to the board at 470 Grand avenue, South San Francisco. This is clearly stated on the form, according to Miss Genevieve Blue, chief clerk.

Far too many applications are coming in without the mileage rationing records, Miss Blue explained. This wastes everyone's time as the application must be returned to the sender to be remailed with the record attached.

"When making any gasoline application, BE SURE to send along your mileage rationing record," Miss Blue concluded.

AIR CARGO JOBS OPEN AS VOLUME IS STEPPED UP

United Air Lines calls for more men to keep vital war materiel flying

With the tempo of the war in the Pacific increasing daily, United Air Lines is flying the greatest volume of air cargo in its history.

In this vital war work, cargo handlers at the San Francisco Airport are doing a tremendous job of keeping this war materiel moving to all parts of the nation and war zones, the airline reports.

However, with the air transport job increasing as the war is stepped up, more cargo handlers are needed today at the airport.

In addition to the war cargo there is a great volume of domestic air express, mail and other cargo to be loaded and unloaded from Mainliners landing and taking off every hour at the San Francisco Airport.

Cargo handlers find working conditions at United Air Lines pleasant, and co-workers are friendly and helpful to new employees. Transportation to the San Francisco Airport is convenient—busses stop at the gate of United Air Lines. And the airline recently opened a new and modern cafeteria for its employees. Employee benefits include vacations with pay, insurance, periodic wage review, and a retirement plan.

To help out in this vital war cargo work, men are urgently needed today. Apply at United Air Lines, San Francisco Airport, Bayshore Blvd., at San Bruno Ave., or 421 Powell St., San Francisco.

Tobacco Inventory

Annual inventories of tobacco to be made by each manufacturer of cigarettes, snuff, cigars and tobacco and dealer in leaf tobacco should be filed with the local Internal Revenue Office, by January 1, 1945, Harold A. Berliner, collector of Internal Revenue said today in San Francisco.

Form letters instructing the manufacturers concerning inventory requirements are now being prepared for mailing Collector Berliner said.

Following the filing of the inventories deputy collectors of Internal Revenue will make a personal examination of the manufacturer's stock as to the correctness of the inventory and certify the fact of such examination by oath to be endorsed on the inventory.

Urge Increased Use Of V-Mail

With cargo space daily being in more demand for supplies and personnel in the Pacific and in Europe, the drop in the number of V-Mail letters in and out of the United States has caused Major General James A. Ulio, the Adjutant General, to express the hope that the public will turn to this form of communication to a much greater degree in the future than it is now doing.

Figures for September of this year show that only 23 million letters were dispatched by way of V-Mail during that month while almost five times that many went by other mail—119 million letters to be more exact.

"For some reason" says General Ulio, "the V-Mail decreased by comparison with other mail. We believe it is because the public suspects V-Mail is open for everyone to read. This is not true. It passes through the regular channels of censorship, that is all. In the photographic process it is not read. A V-Mail letter is just as private as any other letter mailed overseas.

"Naturally we prefer V-Mail because it is lighter and not as bulky and so requires much less space in the holds of our ships."

On Exhibit

Paintings and drawings by 16 fighting Marines are now on exhibit at the de Young Memorial museum in San Francisco's Golden Gate park.

The pictures show leathernecks in action, fighting, working, daydreaming and dying on the islands of the South Pacific. The pictures were sketched under combat conditions despite Jap snipers, air raids, tropical storms, and heat.

MRS. AMERICA MEETS WAR TI ME RATIONING PROBLEMS

About the most important part of a traditional American Christmas is a graceful Christmas tree with all the trimmings. The supply of trees will probably be ample to satisfy the holiday needs in the United States.

In predicting an adequate tree supply, the War Production Board tempered the assurance with a warning. Last year consumer anxiety about the family tree, which was occasioned by slow initial deliveries, led to high retail prices, followed by a Christmas Day scene of retailer's lots filled to overflowing. A sizeable over-supply had to be destroyed.

Mrs. America can certainly warn the members of her family this year that the supply will be ample and that anyone in her brood who pays too much for the first Christmas tree on the market will have only herself to blame.

Now about those trimmings for the tree. Only those careful savers will be able to have light decorations, for tree strings of lights haven't been made for some time. But the extra trimmings are to be a little more abundant. WPB again tells us that more trimmings are to be put on the market this year. Many of them are to be designed of the new plastics, and from previews they are just as ornamental as the old style, what's more they will have better lasting qualities. And while we are on this subject, Mrs. America's toys for her children will be placed under OPA ceiling prices. All toys are so marked, so it does look as though the kids, grown-ups or otherwise, will have a pretty good Christmas.

Back to that daily problem: What foods may Mrs. America count on to serve her hungry members? Well, no point changes are to be noted on meats, butter, margarine, cheese, canned milk, canned fish and processed foods. Then, too, the December ration period encompasses only four weeks. Red points Q, R and S (5's) became good on December 3. December 1 saw blue points X-5, Y-5, Z-5 and A-2 and B-2 made valid for ten points each indefinitely.

And what does the lady of the house expect to get for her precious red points? Estimates call for 5 and 6 per cent less beef of all kinds, rationed and non-rationed combined. There will be around 4 per cent less lamb and

WAR MONUMENTS

Time Magazine reports a revolt springing up throughout the Nation against the traditional memorials which are built after each war.

Instead of grandiose creations in granite or monstrosities in marble, the trend is toward more practical remembrances such as parks and recreation centers.

This is a sensible approach. After World War I, many millions of dollars were spent in building massive structures in stone that had little practical use and still less artistic value.

But even the planning of more useful memorials should not be an excuse for spending huge sums of money. At the present time, in the desire to express their gratitude to our war heroes, some communities are planning projects which are much more ambitious than their treasuries can really afford. The result is that taxes are being increased to meet the cost.

In some instances, the expense of a project is excused by the argument that it will provide postwar employment. This is true in a degree, but it should be realized that a genuine solution to the postwar job problem—in which veterans have a vital stake—will not be reached merely by constructing war memorials or any other type of public works.

The real need after the war will be to keep the expenses—and therefore the taxes—of local, state and the Federal governments at the lowest practical figures so that America will not be hampered in the march toward a sound postwar economy.

Great monuments may be impressive. Marble and granite memorials can be beautiful. But we can best pay our debt to the men in this war by giving them, and the sons and daughters of the honored dead, the opportunity to live free from the burden of excessive taxation.

PEARL HARBOR

We'll bet the Japs now wish they had stayed home. No doubt about it. But it all seemed so easy three years ago. America was asleep. They knew that few persons in this country thought Japan would attack us, and fewer still believed that an attack would come without warning.

When the smoke cleared away over Pearl Harbor, the Japanese leaders were positive they had made the right move. We were as near defeat as we have ever been since the Revolution. To the Japs it looked like a sure thing. But that was three years ago.

The danger now is that we are being lulled into the belief that victory will come automatically. It won't. We are winning, but victories are born only of unceasing hard work and hard fighting.

As a nation, we have accomplished miracles since December 7, 1941. At times we forget, however, that only as these miracles continue can we reach both Berlin and Tokyo. We are in little danger of a "Pearl Harbor" in these days—that is, as far as a military attack is concerned. But if we become complacent we may be caught off guard by a production shortage of some vital war supply that could prove disastrous.

Much will be said and written on this third anniversary of the "day of infamy." Nothing will better express the spirit of the day, however, than the efforts of those who stay on the job, buy War Bonds, donate blood.

Through their work, together with that of our fighting men, they are helping to make future "Pearl Harbors" impossible.

MRS. AMERICA MEETS

(Continued from Page 9)

mutton. But pork supplies will increase between 15 and 16 per cent, coupled with an improvement of three and one half per cent in veal.

Having a home decorated for Christmas the way Mr. and Mrs. America like, and finding foods plentiful and under ceiling prices should bolster the third wartime Christmas spirit a bit—helps sustain the hopes which everyone has that Santa Claus may one day bring a bag full of happiness for the whole family come together once again.

1945 AUTO LICENSES

Well, Californians are to have license plates—or plate—once again in 1945. But if you want one that corresponds with your telephone or house number you had better forget it. The Motor Vehicle department announces that plates will not be taken out of their regular issuing order.

The 1945 plate will have a black background with dull white letters. The lowest number will be 1A101. The single plate will be displayed on the rear of the car.

The Motor Vehicle department also reveals that in spite of car rationing, California showed an increase in cars and trucks in the first nine months of this year. Most of the increase was in the heavy commercial trucks and trailers which are hauling an unprecedented tonnage of materiel produced in essential war industries.

Auto taxes will be the same next year, having been frozen for the three years 1943-45 inclusive. What action the Legislature will take for 1946 and '47 at its next session remains to be seen. Some automotive taxes, however, such as the three per cent gross receipts tax on commercial motor vehicle operators which has been recognized as discriminatory, are expected to be repealed.

Registration and motor vehicle license fees for the first nine months of this year totaled $27,744,233, or nearly $1,000,000 more than the figures for the same period in 1943.

It looks like the automobile is "here to stay," after all.

Cooky and candy making

TIME TO start thinking about those holiday "goodies"! And here are three examples of how easy it is to turn those thoughts into delicious things-to-eat:

GINGERBREAD MEN

3 cups enriched flour
3 tsps. baking powder
½ tsp. salt
½ tsp. ginger
⅓ cup shortening
⅓ cup brown sugar firmly packed
⅔ cup dark molasses
1 egg

Sift and measure flour; sift again with baking powder, salt, and ginger. Cream shortening and sugar until light and fluffy. Add molasses and unbeaten egg; beat well. Add flour mixture gradually, mixing well after each addition. Roll on slightly floured board to ⅛-inch thickness. Cut with floured gingerbread-man cutter or cut a large square for the body, smaller circle for the head, and strips for the arms and legs. Place on lightly greased cooky or baking sheet. Bake in moderate oven (350° F.) until done, 10 to 12 minutes. Remove cookies immediately to rack; cool; store. Makes about 4 doz. 2-inch cookies or 6 large 10-inch gingerbread men.

GOLDEN OATMEAL COOKIES

1½ cups quick rolled oats
1 cup shortening
1½ cups brown sugar, firmly packed
2 tsps. vanilla extract
3 eggs
2 cups enriched flour
2 tsps. baking powder
¾ tsp. salt

Spread oats on cooky sheet and brown lightly in moderately hot oven (425° F.) about 12 to 15 minutes. Cream shortening and sugar until light and fluffy; add flavoring. Add eggs, one at a time, beating thoroughly after each addition. Sift and measure flour; sift again with baking powder and salt; stir gradually into creamed mixture. Add toasted oats. Drop dough by teaspoonfuls in rows, about 2½ inches apart on lightly-greased cooky sheets. Bake in a moderately hot oven (425° F.) 5 to 7 minutes. Makes about 5 dozen cookies.

TURKISH DELIGHT

3 tbsps. unflavored gelatin
½ cup cold water
2 cups sugar
½ cup hot water
2 tbsps. orange juice
2 tbsps. lemon juice
1 tbsp. grated orange or lemon rind
8 drops yellow vegetable coloring

Soften gelatin in cold water. Combine sugar and hot water in saucepan and stir well until sugar is dissolved. Bring to boil; add softened gelatin and cook slowly for 20 minutes. Remove from heat and add orange and lemon juice, grated rind, and coloring. Pour to about 1-inch thickness into shallow pan (4 x 10) which has been rinsed with cold water. Let stand overnight; turn out on board lightly sprinkled with powdered sugar; cut in one-inch cubes and roll in powdered sugar. Makes about 40 cubes.

WASTE PAPER

When salvage paper is collected, to avoid fire hazard, the Department of Agriculture recommends that it be stacked neatly and tied in bundles. Paper boxes should be flattened, then tied in tight bundles. A metal trunk or bin with a tight cover is the safest place to store paper. Next best is to stack paper bundles on a cement floor away from furnace, stove or hot pipes. Soiled or oily paper is useless for salvage and is also a fire hazard and should be destroyed.

If you're waiting for a home telephone

...you naturally want to know how soon we can fill your order.

We wish we could tell you but the fact is that it depends on these two things:

1 The extent to which present subscribers may decide to give up service, thus releasing central office equipment, instruments, outside wires, etc.

2 The extent to which manufacturing facilities and manpower, new and released equipment, are available after the needs of war are met.

Meantime, we promise you this: Your application will not be forgotten and it will be filled in the proper turn.

Motorists To Renew Licenses Early

Motorists of Daly City with drivers licenses expiring in January or February, 1945, today are urged by the Department of Motor Vehicles to renew them now in order to avoid delays during the annual registration renewal season beginning, January 2.

The law authorizes such renewals 90 days in advance of expiration dates. There is no charge for renewals.

Director Gordon H. Garland explained that the present manpower shortage in the department makes it necesary for many of the drivers license examiners to assist in the registration renewal work during January. He asked all drivers to look at their licenses and see when they expire.
